Soft Skills: Problem Solving, Team Collaboration, Agile Development

Experience

AI & ML Intern – APSICHE × SmartBridge ([Certificate](#))

June 2026 – August 2026

- Short-Term Virtual Internship Program focused on Artificial Intelligence and Machine Learning.
- Gained practical exposure to AI/ML concepts, model development, experimentation, and problem-solving through structured technical training and projects.

Web Development Intern – AICTE × IBM SkillsBuild ([Certificate](#))

June 2025 – July 2025

- Developed interactive web pages using HTML, CSS, and JavaScript within a structured virtual internship.
- Applied front-end development concepts and responsive design to industry-oriented projects.

Projects

Parking Detection Project

[Demo](#)

- Developed a real-time computer vision system to detect parking-slot availability from live camera feeds.
- Implemented image and video processing using Python and OpenCV to determine slot occupancy.

Detox BuildMatch – Trivium 2.0 Hackathon

[Demo](#)

- Developed a functional web-based solution for the Trivium 2.0 Hackathon to the given problem within Timeframe.
- Collaborated as a two-member team to develop and present the solution, securing **1st Place** in the hackathon.
- Awarded a **1-Year JetBrains Subscription** as part of the winning team prize.

Education
